

Georgia McDonald's Owner/ Operator Political Action Committee

BE A SUPPORTER!

As proud McDonald's owners and operators we have the great privilege of serving our friends and neighbors, But that privilege doesn't come without challenges. The current state of government and politics presents owners and operators with constant changes. These challenges range from burdensome regulations to organized labor to property liability issues.

The Georgia McDonald's Owner/Operator Political Action Committee (PAC) was organized to give us a collective voice with policymakers. As a critical part of the community fabric across our state, your voice and participation matters.

The PAC will fund targeted donations in a bipartisan manner supporting statewide elected officials, state house and senate members, and candidates supporting our organization's efforts. Donations are directed by your elected PAC Executive Committee.

Pledge your support today

I join my colleagues in pledging financial support by committing \$600 per location for the 2025 giving year.
